## How Can We Support You

Our Practitioners will assess the individual needs of you and your family and then provide you with the information necessary for your successful settlement. We can also refer you to the community and government organizations that will best support you as you begin your life in Canada. We can meet you in your child's school, at your home, the library or any other place that works for you. We are available during the mornings, evenings and weekends. You can reach us by phone or by email. Some of the ways we can provide support are:

Canadian Culture	Employment & Income	Legal Affairs
Citizenship	Finance	Money Management
Childcare/Babysitting	Government & Social Services	Recreation & Family Fun
Community Services	Health	Tax Preparation
Education & School System	Housing	Transportation
English Language Training	Interpretation	Volunteering

## About the Program

Arriving in a new country can be exciting, but also challenging. The Calgary Bridge Foundation for Youth is here to walk with you and your family as you build a life in Canada.

The In School Settlement Program (ISSP) provides comprehensive, client centred settlement services to help newcomer students and their families in their new lives in Calgary. Our program provides information and connects families to the resources available in their school, community and through government services. The In School Settlement Practitioners (ISSPs) conduct an in depth assessment of our clients' needs and develop a personalized settlement plan to guide their journey.

The ISSPs also assist clients by referring them to community agencies and organizations to ensure that they gain the knowledge and awareness of the resources available to them for their settlement and integration.

Our program works in partnership with the Calgary Board of Education (CBE), Calgary Catholic School District Board (CCSD) and the Calgary Public Library (CPL). This program is funded by Immigration, Refugees and Citizenship Canada. The services offered by the program are FREE!

The ISSP also conducts workshops and delivers information sessions on topics such as:

- Employment
- Housing
- Education
- Community and Government Services
- Canadian customs and traditions & more
